Office Hours

My office hours will be virtual on Mondays and Tuesdays from 10:00 AM – 2 PM. I can accommodate meeting other times as well by request. An appointment must be made with me by email to schedule a meeting time.

Student-Instructor Interaction

My goal is to ensure there are open lines of communication between you and I that are easily accessible and effective. Taking time during our class period to ask questions is an expedited way to gather needed information, so I highly encourage you to do so. Please keep in mind that our learning environment is collaborative and should allow all students to contribute to the learning process. With that in mind, please be self-aware about thoughtfully contributing to class as well as intentionally making space for others’ contributions. If a question occurs outside of our class meetings, an Email is the most effective way to reach me. Monday-Friday I check emails daily and respond within two business days. If you email me on the weekend or a holiday, I will make every effort to reply to your email by the following business day.

If you would like a meeting outside of class, I am available during my office hours. To confirm time is set aside for your academic needs, emailing me in advance to request a meeting time to make an appointment is required.

COURSE REQUIREMENTS

All assignments must be the student’s own work (see the academic integrity section). Do not copy directly from the text or research articles when completing assignments. Written work must follow the American Psychological Association (APA), 7th ed. publication guidelines when indicated. Assignment due dates are indicated on the Course Calendar.

Assignments:

1. **Class Participation: (9x2pts=18pts (2pts for each face-to-face class))** Students will be expected to be present for class. Class participation is vital to the learning experience. Participation points are based on students being present, on-time, prepared, remaining for the entire class period and being actively engaged in the class activities. Examples of engagement in class includes but is not limited to participating in role play activities, answering questions, providing thoughtful input based on the course content and one’s own experience, respectfully inquiring about the material or a fellow student’s perspective, etc. Students will be responsible for reading/viewing the assigned materials and any other resources provided by the instructor in Canvas before class.

   Cooperative group learning experiences will be promoted throughout the course. The goals will focus on shared decision-making, individual and group responsibilities, and effective written and or communication skills. Students are expected to be professional and respectful during their participation in the course.

   Per the University catalog, students may request make-up consideration for valid and verifiable reasons, such as illness, death in the immediate family, legal proceedings, or participation in university-sponsored activities. Students participating in university-sponsored activities are responsible for obtaining a written explanation for their absence from the faculty/staff member responsible for the activity. In all cases, students are encouraged to notify the faculty member of the course in advance of any absence.

2. **Discussion Boards:(6x2pts=12pts)** Discussion Boards help to generate cooperative exploration of the course content in hopes of enhancing the learning experience with a deeper synthesis of knowledge. Students will complete Discussion Boards in the weeks indicated on the Course Calendar. The initial post should be between 225 and 250 words and will be worth 1pt. Students may not exceed 250 words. It is vitally important to be clear and concise. Referencing and citing research articles or the textbooks from the course is required in this post. References and citations
do not count in the word count parameters. **Students must reframe from quoting materials.** Students should always use their own words.

Students are also required to respond to at least two other initial posts and each response is worth .5 points. The responses must be between 75 and 100 words each and should expand the conversation. **Students must not exceed 100 words.** If a student only states why they agree or disagree, they will not earn full credit. Students should be curious and generate new questions or considerations in their responses as well as include a synthesis of other scholarly or personal information that informs the discussion. Replies to posts **may not quote the initial post nor include quotes from other resources** but should reference and cite articles or textbooks from the course, when applicable.

Discussion Board Etiquette

- Students are expected to be courteous and respectful with their language and tone
- Curiosity about varying perspectives is encouraged. Avoid “why” questions.
- Broad generalizations about groups of individuals should be avoided.
- Be open to new ideas and alternative perspectives.
- Quotations of the initial post, from textbooks or research articles may not be used in posts.

3. **Online Content Quizzes:** *(9x2pts=18pts)* In an effort to ensure each student has read/viewed and comprehended the materials within the course, 9 timed quizzes over course content will be given throughout the semester. Each quiz will have true false and/or multiple-choice questions related to the course content for the week indicated in the Course Calendar. Quiz dates are indicated in the Course Calendar as well.
4. **Article Review:** (1ptx4 = 4pts) Each student is required to review and discuss 4 articles for each face-to-face class focused on family therapy models for that week. Students will write a 1-page synthesis of the article. Students must be prepared to discuss their article in class. The reviews are due on the days indicated in the Course Calendar. Students must identify an article of their choice from a peer reviewed scholarly journal that was published in the last 10 years.

**Article Review Detailed Instructions:**
- Students must identify an article of their choice on one of the therapies discussed during the indicated week from a peer reviewed scholarly journal that was published in the last 10 years
- Students **may not** use articles already listed as assigned readings for the course
- No need for a cover page
- 1-inch margins
- Times New Roman, font 12 (no exceptions)
- The student's name and therapy model must be listed in the header (Riley Jones – Structural)
- On the top of the page, the APA style reference of the article should be listed
- Students must summarize the article and reflect on its impact. Students must **not** copy the abstract or article. Students must summarize the article using their own words. Students must not plagiarize. There should NOT be any direct quotes in this paper. It is too short for it.
- The length of the paper must be 1 full page. Students must not exceed 1 page. Carefully select the material included in the review.
- Include the first page of the article.
Example Article Review

Riley Jones (Student Name) – Structural Therapy (Therapy model discussed in the article)

APA Style Reference

Summary:
Summarize the article; do not copy the abstract and answer the following:
• What did the article discuss?
• What was the outcome of the discussion?
• If a research study was conducted
  o Describe the sample
  o What was examined (research questions/hypothesis)
  o How was data collected?
  o What was the outcome/results of the study?

Reflection:
How did the article enhance or shift your understanding of the therapy model?
How might this information be valuable in your practice as a MFT?
5. **Family Therapy Outlines:**

Family Therapy Outlines are due for each of the 12 therapy models focused on this semester. Students will use these to prepare for the final exam and eventually the comprehensive exam. These sheets should be 1-2 pages long and be in outline form using the template provided. Each student will create a unique outline in their own words. Each outline is due on the dates indicated in the Course Calendar. Note that on some dates, multiple outlines will be due.

**Family Therapy Outline Template**

Name of Family Therapy Model: __________________
Your Name: ______________________

Please write these templates in your own words. Do not copy/paste definitions or full sentences from the book or articles. This assignment is designed for you to reflect on the therapy and check your understanding of it.

*Overview of the therapy (described in 1 or 2 sentences)*:

*Leading figures*:

*Key theoretical constructs (list and define them in one sentence each)*:

*How do problems occur in the family*:

*What is the objective of therapy*:

*Process of change (what needs to happen in the family for the change to occur)*:

*Role of therapist*:

*Key techniques (list and explain some techniques that are specific for this theory. Sometimes it can be the way the therapist asks questions)*:

*Describe the treatment process (use bullet points and briefly describe the broad steps in the general sequence for treatment)*:
6. **Student Led Demonstration (SLD):** Students will present information about a therapy model’s specific intervention/technique as well as design and carry out an interactive demonstration with the class. Presentations are scored on accurate and relevant contribution of knowledge and audience engagement. In addition, students will prepare a handout for the class describing how to facilitate the demonstration of the intervention and any information about its goal and populations in which it might be helpful, based on research (i.e., depression, children, couples, trauma, etc.). The handout should be brought to class and provided to students as well as **uploaded on Canvas on the day of the presentation.**

Students should not just use the textbook as the source of information for the demonstration since the class is familiar with that material. At least, one peer reviewed journal article published in the last 10 years that informs the presentation should be referenced in the handout. The goal is to present something new. Presentations should be about 15 minutes - 20 minutes in length. Presentation dates and order of presentations will be assigned at the beginning of the semester.

**Example Student Led Demonstration Handout**

**Riley Jones (Student Name)**

**The Satir model (Experiential Therapy): Family Sculpting (Therapy model and intervention demonstrated)**

(APA Style References)

**Intervention Instructions:**

*Describe the step-by-step instructions of how the intervention/technique is facilitated.*

**Purpose and Use of Intervention:**

*Describe the goal of the intervention/technique and population(s) in which it might be helpful based on research (i.e., depression, PTSD, children, couples, etc.)*
7. **Final Exam:** (16pts) An online multiple choice/true false cumulative final exam will be given at the end of the semester (see Course Calendar). This exam will be timed but use of notes, articles and books will be allowed. The final exam questions will largely be taken from the quiz questions. Students are strongly encouraged to thoroughly review materials and notes before taking the exam since it is timed.

While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via WCOnline [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor by making an appointment via WCOnline [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

University Library
The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 400,000 eBooks and 82,000 journals, in addition to the 96,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place virtually through WebEx, Microsoft Teams or in-person at the library. Schedule an appointment here [https://tamuct.libcal.com/appointments/?g=6956]. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

ADDITIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX [webpage](https://www.tamuct.edu/compliance/titleix.html).
