Writing Instructive Course

This is a Writing Instructive (WI) course so writing will be an integral part of my instruction and our interactions. Writing will also be a fundamental way that I measure student mastery of course content. WI means that you will have several opportunities to work on improving your writing skills.

COURSE REQUIREMENTS

Course Requirements: (include point values for each- not just a percentage)

Learning Evaluation Methods:

- Participation (10%) -
 - *Participation Quizzes* - This category includes 9 short quizzes that will be completed over class material.
 - *Online Discussions* - Three discussions will be conducted throughout the semester. Discussion posts may not be turned

- Topic Approval (2%) – This grade involves selecting a topic for your overall paper and turning it in on Canvas to be approved by your instructor. You will also submit one academic research article over your topic at the same time. If your topic is not approved, you will receive a temporary zero and you will have one week to revise and resubmit as directed by your instructor. After the third resubmission, students may no longer receive full credit. If your grade is something besides zero because you did not answer the other questions correctly, you may not resubmit for a better grade. If your topic is submitted late, any revision will receive a maximum grade of a 50. Your topic may be changed, but you must get it re-approved to maintain your grade for this assignment.

- Three Articles Approved (10%) – This grade involves uploading to Canvas a pdf of each of your 3 main articles in a viewable format (preferably pdf) so that the instructor may approve of the article. You will also answer basic questions about the article. If a submitted article is not accepted, you will be given a temporary “0” grade and you will have one week to find and submit another article in a viewable format at a 5 point deduction per attempt. If your grade is something besides zero because you did not answer the questions correctly about the article, you may not resubmit for a better grade. Resubmission is only for when the article is not accepted.

- Quizzes (15%) – This grade will be based on three assessments of your knowledge of research methods, APA style, and plagiarism. See the schedule for the time of these respective assignments.

- Journal Article Reviews (20%) – This grade will be based on two brief papers you will turn in systematically describing two of your three main research articles. The article(s) being reviewed must be approved by the instructor prior to turning in. Additional guidelines will be provided.
 - Article Analysis One - A summary of your first article
 - Article Analysis Two - A corrected summary of the first article and a summary of your second article with an appropriate transition.

- Outline of Research Review Paper (5%) – This grade will be based on an outline that you will create of your final paper and upload to Canvas. To turn in this assignment, you must

have already had (1) your topic approved, (2) three articles approved, and (3) turned in your journal article reviews.

- Research Paper Presentation / Discussion (5%) – This grade will involve briefly presenting the content of your outline in an online video.
- Rough Draft of Research Review Paper (5%) – The purpose of this grade is for the student to receive feedback from the instructor. Therefore, students will receive 100% of the credit for this assignment if these conditions are met (1) it is turned in before the due time/date (2) your topic has been approved, (3) three articles have been approved, (4) you turned in your journal article reviews, and (5) you turned in an outline.
- Final Research Review Paper (30%)

Grading Criteria Rubric and Conversion

All of the grading criteria and rubrics are posted in Canvas by clicking on the specific assignment.

Posting of Grades

After an assignment is graded, it will be posted online in Canvas. Assignments will be graded on a first come, first served basis. So if you turn in an assignment early, it will likely be graded faster.

Grading Policies

Late Work Policy

The assignments in this course are intended to be completed in a sequential fashion. In the years I have taught this class, I have learned that the worst thing you can do is get behind. But I know it happens. So here is my policy. When work is turned in after the due date, 10% will be deducted per day the assignment is late. However, there is one caveat. If your assignment is not turned in at the time and date it is due, you need to send me an e-mail (preferably through Canvas) that answers three questions. First, I want you to tell me what prevented you from turning it in on time. You do not have to be super specific, just give me something. Second, tell me how you plan on avoiding the problem from question one in the future. Third, I want you to tell me your specific plan for getting it turned in, including the date I should expect it. If you have answered these questions satisfactorily, I may reduce or remove the late penalty for your grade.

Final Paper

due by 11:59pm

Research Experience Requirement: Students in selected psychology courses (PSYC 3307, PSYC 3409, PSYC 3312, PSYC 3430, PSYC 4320) are required to engage in research experience activities as part of the course. The research experience activity involves writing summaries of peer reviewed research articles that are related to the course content. Faculty will identify which articles can be reviewed for their course, and article reviews can be submitted directly to the faculty for evaluation.

If students choose not to write article summaries, they can complete an alternative research experience by participating in research studies directly related to psychology to gain this experience.

Sign Up for Alternative Research Experience: To receive credit for this alternate research experience activity, students must create an account in SONA. The university SONA account is where students will sign up to participate in research projects (<https://tamuct.sona-systems.com>). Students should view the introductory tutorial video before using SONA (https://www.youtube.com/watch?v=_1OnT2ZU6QQ) and be sure to use their university email when signing up. Students who have problems signing up for SONA or have questions should contact the professor of the course.

Credits: Students are required to complete 3 research experience credits in this course. Credit is allotted as follows:

- 1 credit for each summary of a peer-reviewed, research article OR
- 1 credit for each hour (60 minutes) of research participation (in-person or online)
- 1/2 credit for each 1/2 hour (30 minutes) of research participation (in-person or online)

Students can use a combination of article summaries and alternative research assignments to earn their credits. There is no guarantee that there will be sufficient research participation opportunities for students to earn 100% of their credits from this alternative research experience.

Students who drop a class after having earned research experience credit cannot apply any accumulated credit from that class towards future semesters without the documented approval of the department chair; however, credits in SONA can be transferred from one course to another in the same semester. Credits from previous semesters are not permitted to be transferred for current semester use.

Penalties: Any student who has not earned all required research credits prior to the end of the semester will be penalized 1 letter grade on the final course grade.

For first-8-week courses the deadline is 12pm (noon) on 12-10-21.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].

You can complete the [referral](https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2) online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].
