**COURSE INFORMATION**

**Course Overview and description:**

The Basic Ground Instructor (BGI) course will prepare you to instruct the knowledge portion of the Sport Pilot, Recreation Pilot and Private Pilot licenses for their associated Federal Aviation Administration (FAA) written examination. You can also accomplish instruction of the knowledge portion of the flight review test and recommend someone to take the knowledge tests (written) for one of those certificates.

The student, upon completion of the course with a grade of 80% or higher, will be endorsed to take the FAA written examination for the BGI and for the associated Fundamentals of Instruction (FOI), joint test under provisions of Federal Aviation Regulations (FAR) parts 61.97, 61.105 and 61.309. This will result in licensure from the FAA from which you will be able to instruct the ground courses for hire.

**Prerequisite:** Junior classification. You do not need to be a pilot to become a BGI instructor. You must however, by FAA regulations, be able to read, write and understand the English language and be 18 years old. Additionally, if you hold a teacher’s certificate issued by a State, county, city or municipality that authorizes the person to teach at an education level of the 7th grade or higher, or, if you are employed as a teacher at an accredited college or university, you do not need to take the FOI portion of the test. Please notify your TAMUCT instructor at the beginning of this course if you have these teaching credentials.

**Student Learning Outcomes (SLOs)**

Upon completion of this course, the student will be able to:

1. Identify and instruct the required components of the FAA written exam for both Sport, Recreational and Private Pilot knowledge tests.
2. Discuss and apply the Fundamentals of Instruction, per FAA guidelines.
3. Evaluate and write lesson plans for ground-course instruction.
4. Describe and summarize the FAA legal requirements for BGI instructor endorsements.
**Competency Goals Statements (certification or standards)**
The course will be considered successfully completed when the student has demonstrated through posted written assignments and exams that they have developed the knowledge to instruct as a BGI instructor by passing a final exam with 80% or higher. This includes the knowledge requirements of FAR Parts 61.211, 61.97, 61.105, and 61.309.

**COURSE REQUIREMENTS /SPECIFICATIONS**

**Weekly Discussion Post:** There will be one weekly discussion post to be submitted over topics presented by instructor. **Check in daily for instructor notes, updates and the posting of audio/video topics.** Posts will be graded for writing ability and original content. Required responses will use a minimum of two hundred words in your well composed paragraph response. There is a weekly quiz and four tests, called “Stage Checks”.

Grading scheme

- A 4.00 (90+) Achievement that is outstanding relative to the level necessary to meet course requirements.
- B 3.00 (80-89%) Achievement that is significantly above the level necessary to meet course requirements.
- C 2.00 (70-79%) Achievement that meets the course requirements in every respect.
- D 1.00 (60-69%) Achievement that is worthy of credit even though it fails to meet fully course requirements.
- F 0.00 (<60%) Represents failure and signifies that the work was either (1) completed but at a level of achievement that is not worthy of credit or (2) was not completed and there was no agreement between the instructor and the student that the student would be awarded an “I” (incomplete).
- “I” (Incomplete). The “I” shall be assigned at the discretion of the instructor when, due to extraordinary circumstances, the student was prevented from completing the work of the course on time. The assignment of an “I” requires a written agreement between the instructor and student specifying the time and manner in which the student will complete the course requirements. In no event may any such written agreement allow a period of longer than one year to complete the course requirements. For graduate and professional students, an “I” is to remain on the transcript until changed by the instructor or department. For all other students, work to make up an “I” must be submitted within one year of the last day of final examinations of the term in which the “I” was given; if not submitted by that time, then the “I” will automatically change to an F. To obtain an incomplete you must have been doing passing work in the course.

Posting of Grades:

- All student grades should be posted using the Canvas Grade book and students should monitor their grade status through this tool.
• The instructor will return projects as soon as possible.

INSTRUCTOR POLICIES

Individual Performance: It is vital that you are active in the course and complete all work in a professional fashion. One of the biggest issues with student success in online courses is simply not submitting work on time. You are expected to read the chapters as assigned in the syllabus as well as read or view any supplemental resources that may be found in the Module content folders for that period.

Quality Work: All work submitted for grading shall be of upper level quality: Depth of analysis, grammatical structure, etc. Your work will be checked for plagiarism using online plagiarism assessment programs. Plagiarism will not be tolerated.

Identifying Submissions: Submissions must clearly identify the student, course, and the title of the assignment (Last Name, Course Name, and Assignment) or (Smith_GBK301_Essay1).

Written Assignment Requirements: Submissions will be in accordance with The Publication Manual of the American Psychological Association, 7th ed. All written work must be submitted utilizing Microsoft Word in either a .doc or .docx format. Students whose assignment includes plagiarism will receive a 0 on the assignment and possible referral to Student Affairs. However, I reserve the right to reduce the penalty if I believe plagiarism was unintentional or very minor in impact.

Due Dates and Late Submissions: The assignment instructions and deadlines are clearly laid out in the syllabus. Though some assignments are fairly involved, you do not have more than one assignment due in any week. As such, it is expected that all work will be submitted on time, as timeliness is an important aspect of professional communications and behavior. If you encounter an issue, please let me know as soon as possible. It is much easier to discuss issues before due dates rather than after. Late work is not accepted.

Posting of Grades: All student grades will be posted on the Canvas Grade book and students should monitor their grading status through this tool. I will attempt to post grades for all assignments and discussions within one week after the due date, unless I let you know otherwise. Grades on exams will be available immediately (unless essays must be graded as well).
Changes to Syllabus: This syllabus serves as an instructional and study planning document. Although every effort will be made to maintain the schedule and activities presented herein, it may become necessary during the course of the semester to make changes to the syllabus. In such events, changes will be announced and students will receive written notice as soon as possible.

OPTIONAL POLICY STATEMENTS
A Note about Sexual Violence at A&M-Central Texas
Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/departments/compliance/titleix.php].

Behavioral Intervention
Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, who are exhibiting behaviors that pose a threat to safety, or individuals causing a
significant disruption to our community, please make a referral to the Behavioral Intervention Team. You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/student-affairs/bat.html]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5805.

INSTRUCTOR POLICIES
Life happens. As such, if a student realizes that a posting, quiz or assignment will be late due to unforeseen emergency or special circumstance, please notify the instructor as soon as is practical to assess the impact on the course. The instructor may grant extra time to complete an assignment within the confines of the 16-week course. However, if it becomes apparent that this policy is abused, or that the request was fraudulent, the instructor reserves the right to place an unfavorable grade for incomplete work.
