I. COURSE DESCRIPTION

The Principalship Practicum 1 course is designed to provide participation in, and discussion and supervision of a variety of professional activities in the area of school principalship preparation. The candidate will be required to demonstrate competence in the performance of professional principal/assistant principal-related duties/tasks as part of the candidate's culminating experience in the Texas A&M University-Central Texas principal certification program. These professional duties/tasks will be directly related to the attainment of the six standards for the principal (19TAC §241.15) and the Principal As Instructional Leader certification process.

II. STANDARDS FOR THE PRINCIPAL CERTIFICATE

Principal preparation programs are required by the State Board for Educator Certification (SBEC) to use the knowledge and skills base developed by SBEC in curricula and coursework. These standards also serve as the foundation for the individual assessment, professional growth plan, and continuing professional education activities required renewing the Standard Principal Certificate. The six standards are (1) School Culture, (2) Leading Learning, (3) Human Capital (4) Executive Leadership, (5) Strategic Operations, and (6) Ethics, Equity, Diversity. **This course is designed to address expectations related to integration and application associated with the standards for the Principal As Instructional Leader certificate.** (Texas Administrative Code (19TAC) Rule 241.15 Standards for the Principal Certificate).

In addition, the course is designed to reinforce the following:

The six (6) domains and eleven (11) competencies tested on the TExES (Texas Examinations of Educator Standards) Principal As Instructional Leader test.

III. COURSE LEARNING OBJECTIVES/ACTIVITIES/ASSESSMENT

This course utilizes the literature and research studied during the courses taken as part of the TAMUCT principal certification program. The practicum is a two-semester-long capstone experience to maximize the candidate's opportunities to practice and refine knowledge and skills required for school-level instructional leadership. Candidates submit a practicum plan that is approved by both the on-site mentor/supervisor and the university supervisor. The candidate keeps a log of activities/hours.

Student Learning Objectives (SLO's)
1 Evaluate personal strengths and challenges in relation to Texas standards for the principalship and certification
2 Synthesize and apply knowledge and skills by taking responsibility for leading complex school-level initiatives and processes that involve direct interaction with staff, students, parents, and the greater school community.
3 Analyze the complexity of leadership responsibilities and school processes at school levels other than the intern's home-school level.
4 Demonstrate the knowledge and ability to successfully engage in leadership behaviors/actions and to meet state principal certification expectations/requirements.

The required texts for the course are:

CRITERIA AND RUBRIC FOR ASSESSING PROFESSIONAL PORTFOLIO

AREA	EXCEPTIONAL	ACCEPTABLE	UNACCEPTABLE
CONCEPTUAL-IZATION	Selection of entries is carefully made to demonstrate in-depth comprehension of preparation goals and Texas Principal standards and dispositions, as well as a high degree of insight regarding their interdependence with professional practice.	Selection of entries demonstrates knowledge of preparation goals and Texas Principal standards and dispositions, and an adequate understanding of their interdependence with professional practice.	Selection of entries reflects insufficient evidence of knowledge of preparation goals and/or Texas Principal standards and dispositions, and/or an inadequate understanding of their interdependence with professional practice.
COHERENCE	Enhanced by adherence to thematic framework grounded in student's leadership philosophy and reinforced by the selection of entries, the theme provides a unique perspective that allows for the creative development of ideas.	Student's leadership philosophy provides thematic unity for portfolio, allowing for the logical development of ideas.	No visible thematic framework exists to explain relationships between and among entries. Development of ideas is vague and student's leadership philosophy is unclear.

PERSONAL/ PROFESSIONAL GROWTH	Portfolio demonstrates sustained reflection and critical thought. Assimilation of knowledge, both propositional and procedural, is central to the presentation, providing evidence of reflection and development of knowledge/skill/values. The presentation demonstrates the ability to engage in reflection-on-action as well as reflection-in-action. Strong evidence of self-guided self-assessment of learning and growth.	Portfolio demonstrates evidence of reflection and critical thought. A degree of insightfulness is apparent in the student's work, and elements of reflection and development of knowledge/skill/values are recognizable. The presentation addresses the process of portfolio development and rationale for selection of entries. Evidence of self-assessment of learning and growth.	Portfolio demonstrates little evidence of reflection or critical thought. The presentation neither addresses the processes of portfolio development nor reasons for inclusion of selected entries. Little evidence of reflection or development of knowledge/skill/values. Little or very limited assessment of own learning and growth.
PRESENTA-TION	Ideas expressed cogently and with attention to detail. Portfolio and presentation are enhanced by creative application of a range of media options, and there are no mechanical errors to detract from the presentation.	Ideas are expressed in a clear fashion. Connections between and among portfolio entries are made clear through the logical use of media options and there are few mechanical errors.	The presentation does not conform to expectations for graduate work. Media options are confusing or absent, resulting in a portfolio of discrete entries. Ideas are poorly articulated and multiple mechanical errors detract.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a

student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].
