*You don't need the My Lab part of the textbook.

Honig, B. (2018). *Teaching reading sourcebook* (3rd ed.). Academic Therapy Publications.

COURSE REQUIREMENTS

Proust and the Squid Reflective Essay

100 points

SLOs 1, 2, 3, 4

This semester we will read *Proust and the squid: The story and science of the reading brain* by Maryanne Wolf and discuss the chapters in the format of Studio video posts. At the end of the semester, you will be required to write a reflective essay incorporating each of the three parts of the novel: Part I-How the Brain Learned to Read, Part II-How the Brain Learns to Read Over Time, and Part III-When the Brain Can't Learn to Read.

The purpose of this assignment is for you to synthesize the required readings, podcasts, and videos that include the key scientifically based reading research foundations needed to understand how reading develops from early childhood through adolescence. Additionally, you will reflect on your learning and experience. Additional components must include the use of appropriate references and APA format. Use the rubric and resources provided on Canvas to guide your thinking.

Proust and the Squid Studio Video Discussion

40 points (10 points each)

SLOs 1, 2, 3, 4

The purpose of this assignment is for you to synthesize the required readings, podcasts, and videos that include the key scientifically based reading research foundations needed to understand how reading develops from early childhood through adolescence. Each video post on Studio should answer the following required questions: key words and phrases, connections made, new ideas and thinking, and remaining questions. Choose one additional source from the supplemental resources that are listed in the syllabus. Use the rubric and resources provided on Canvas to guide your thinking.

Phonemic Awareness Presentation

50 points

SLO 3

The best predictor of reading readiness is a child's phonemic awareness, followed by alphabet recognition. Phonemic awareness is the ability to identify that spoken words consist of a sequence of sounds and the ability to hear, identify, and manipulate individual sounds in spoken words.

The purpose of this assignment is for you to create a video presentation using Studio presenting creative ways to teach the (approximately) 44 phonemes in the English language. Use the rubric and resources

provided on Canvas to guide your thinking.

Literacy Word Wall

50 points

SLOs 1, 2, 3, 4

This semester you will be introduced to a wealth of terminology relating to scientifically based reading research foundations and literacy and language development. According to Graves et al. (2014) defining a word and using the word in context, provides multiple exposures to the word, and involves students in discussion and active processing of the word's meaning. It also helps students review the words in various contexts over time.

The purpose of this assignment is for you to create an interactive word wall using Padlet.com and include key literacy terms from the required readings, podcasts, and discussions that include the key scientifically based reading research foundations needed to understand how reading develops from early childhood through adolescence. Use the rubric and resources provided on Canvas to guide your thinking.

Quizzes

120 points (10 points each)

SLOs 1, 2, 3, 4

Brief online Canvas quizzes are designed to assess your comprehension of each reading. Each quiz consists of ten objective questions (multiple choice, true-false, and matching questions) equaling ten points total. You will have 15 minutes to complete each quiz. The Canvas quizzes use the Proctorio secure proctor tool in Canvas. This service is provided for you at no additional cost. Technology requirements include any computer meeting the minimum computing requirements, plus web camera, speaker, and microphone (or headset). Proctorio also requires the Chrome web browser with their custom plug in. This service is provided for you at no additional cost.

Completing each content literacy guide, provided to you on Canvas in the content literacy guide section, will help you understand the most important ideas and terminology from each chapter as well as guide your thinking. Content literacy guides are only provided for chapters that align to an assigned quiz. You may use the completed guide while taking the quizzes, but not for the final exam. A completed guide will count for 5 points on a floor scale grading system. To submit your guide, upload it as an attachment at the end of your quiz. It must be submitted at the time of the quiz. Your grade change may not occur until the end of the semester.

Final Exam

100 points

SLOs 1, 2, 3, 4

The final exam will be based on both class work and readings. The primary emphasis of the exam comes from the assigned text chapters. The exam will feature both objective questions (multiple choice, true false, and matching questions) and brief essay items. You can best prepare for the final by reviewing

previous Canvas quizzes and content literacy guides. The final exam uses the Proctorio secure proctor tool in Canvas. This service is provided for you at no additional cost. Technology requirements include any computer meeting the minimum computing requirements, plus web camera, speaker, and microphone (or headset). Proctorio also requires the Chrome web browser with their custom plug in. This service is provided for you at no additional cost.

Extra Credit

SLOs 1, 2, 3, 4

Extra credit is educationally beneficial when designed as opportunities of enrichment. To obtain 10 extra credit points, you may read either of the listed books. To obtain five extra credit points, you may watch either of the listed documentaries. You must then submit a reflection to Canvas. Your reflection must include information about what you learned, how you relate to what was mentioned, and how what you have learned has impacted your journey as a future educator. All extra credit assignments must be submitted before the final exam.

Books (10 points)

- Esquith, R. (2007). *Teach like your hair's on fire: The methods and madness inside room 56*. New York: Viking.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].
