COURSE REQUIREMENTS/METHODS OF EVALUATION EMPLOYED
ALL ASSIGNMENTS DUE FRIDAY NOON

Lecture Quizzes: 1 point each x 6 = 6 points Quizzes are built into the lecture itself. Answer all the questions in the lecture video to get full credit for the week. You will find the lecture quizzes posted in the discussions. You do not have to respond to class members for credit, just answer the questions according to the directions.

Online Trainings (10 points each x 2 = 20 points): Each student will complete 2 online trainings by the dates designated in the courseschedule and on Canvas. These are designed to deepen students’ knowledge and skills in addictions counseling. To receive credit for each online training, follow the instructions on submitting proof of completion on Canvas. Students will need to register for a free account at: https://healtheknowledge.org

   a. (1) Take a screenshot indicating you completed all components of the training and (2) print the certificate of completion - turn in both via Canvas
2. *** NAADAC Webinar – Clinical Skills for Group Evidence-Based Practice: https://www.naadac.org/clinical-skills-for-group-evidence-based-practice
   a. For this webinar, turn in the following - (1) Name of Workshop, (2) Presenter(s) Name and Credentials, (3) Paragraph Describing the Workshop and What You Learned

Behavioral Change Project (20 points): This exercise is designed to help you experience some of the feelings/thoughts that individuals with SUD experience when they quit their drug or behavior of choice. This exercise requires that you commit to a behavioral change, selecting an activity that is typically very enjoyable or rewarding. You want to choose an activity that is a frequent “indulgence” not necessarily a problem behavior you are trying to rid yourself (e.g., caffeine, coffee, social media, eating sweets, buying coffee at a coffee shop, watching television, cell-phone usage) for a period of 5 weeks. The purpose of this project is to increase empathy for those who are asked to abstain from something desirable. The project does not serve to emulate recovery, but rather to increase empathy and foster insight into the psychological aspects of abstinence. Students should brainstorm positive substitutes for the activity/item/behavior from which they are abstaining. Rubric for the assignment posted on Canvas.

This assignment has two parts:
• Part 1: Write a “Goodbye Letter to my Behavior:” (10 points) Written in the first person to the substance/behavior from which you are abstaining, will be due before the abstinence period begins. This 2 page paper (APA 7 format to include a cover page) is to be written to the behavior from which you are abstaining. This is to be written in the first person (e.g., “caffeine, you have always been there for me in the morning…”) and should cover the following 5 areas:
  o Reasons for choosing this substance / behavior.
  o What substitutes will you employ for this substance / behavior.
  o Obstacles you anticipate arising over the next 5 weeks that may interfere with your abstinence.
  o Supports that you will use to help you achieve abstinence.
  o What are your initial thoughts / feelings about this project?
• Part 2: Discussion Board: Stages/Process of Change Assessment, Interpretation, and Motivational Interviewing Strategies (10 points). As part of this assignment, you will complete a stage of change and process of change assessment found in the Canvas assignment (URICA). Next, answer the following questions in your discussion post:
  o What obstacles occurred through the course of the 8 weeks?
  o What did you notice triggers the cravings for this substance / behavior?
  o What was your stage of change at the beginning of this project?
  o Interpret your assessment scores.
  o Outside insights provided from the assessments that can be used to inform Motivational Interviewing strategies.
  o Describe three Motivational Interviewing strategies a counselor could use to help move you to the next stage of change?
  o What is your stage of change now? (No one will be in the Maintenance phase. It takes six months of change for that stage).
  o In what ways did abstaining impact you? Physically, socially, emotionally, and spiritually?
  o What did you learn about addiction, behavior changing, and abstinence through this project?
  o How can you use what you have learned to help client struggling with addiction?

Interview Project (10 points): Each student individually will interview a licensed chemical dependency counselor (LCDC). Students may not interview any of the current faculty in the CMHC program. The focus of the interview will be on the professional’s experience in providing addictions counseling services. Students will write a 1-2 page paper summarizing the interview and must follow APA 7 formatting guidelines including cover page, citations, and a reference section. An abstract is not necessary. Rubric for the assignment posted on Canvas.
Use the following interview guide:

- What qualities or characteristics might enhance your ability to provide substance abuse counseling services?
- What professional training experiences are important in learning to be an effective LCDC?
- What settings have you worked in as a LCDC?
- Which setting was most rewarding? Which setting was most challenging?
- How do you manage the stress associated with substance abuse counseling?
- What self-care strategies do you engage in that help you manage stress?
- What advice would you give someone wanting to work as a substance abuse counselor?

**Addictions Case Conceptualization and Treatment Plan Presentation (30 points):** Students will present a case conceptualization and treatment plan based on a character from one of these approved movies (options: Rachel Getting Married, 28 Days, Shattered Spirits, Country Strong, When a Man Loves a Woman, Half Nelson, Walk the Line, A Star is Born). The instructor must approve the movie choice – please send an email requesting approval if you wish to choose a different movie. The presentation must be no more than 15 minutes and follow the format posted on Canvas. Rubric for the assignment posted on Canvas. Students are required to utilize a full case conceptualization template (provided in Canvas) based on the text Sperry, Len & Sperry, Jon (2022). The 15-minute case conceptualization: Mastering the pattern-focused approach. Oxford Press.

*Posting of Grades:* Grades will be posted on the Canvas Gradebook. Grades are generally posted within two weeks of assignment submission. Please check Canvas for grades and feedback on assignments.

**Late work policy:** COVID-19 tested our limits on what we can reasonably accomplish. Many things can get in the way of turning an assignment in on-time. I do not have time limits on when you can turn-in assignments. However, if you are frequently turning in assignments late, I will likely reach out to you to work on a plan to help you turn things in on time. Like many of you, I have a lot to do. If students turn in assignments late, my job becomes much harder. **Thus, if you turn in an assignment late, you will receive a grade, but will not be given assignment feedback.**

**Turning in late assignments:** Please turn in all assignments on Canvas. If you email an assignment to me, I may miss it.

**Incomplete Policy:** Students whose life situations stop them from completing the course may be given an incomplete provided that 70% of all course assignments are completed one week before July 24, 2022 (last regular class week). Students not meeting this requirement will not have the option for an incomplete and will need to retake the course.

University Writing Center
Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (A&M–Central Texas) is a free service open to all A&M–Central Texas students. For the Summer 2022 semester, the hours of operation are from 10:00 a.m.-4:00 p.m. Monday thru Thursday in Warrior Hall 416 (with online tutoring available every hour as well) with satellite hours available online only Monday thru Thursday from 6:00-9:00 p.m. and most Saturdays from 12:00-3:00 p.m.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for
students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via WCOnline at [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

**OPTIONAL POLICY STATEMENTS**

**A Note about Sexual Violence at A&M-Central Texas**

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].

**Behavioral Intervention**

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/bit]. If a person’s behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 254-501-5805.
