Your recommendations should make use of frameworks discussed in class, account for central issues and problems facing the firm in the proposed venture, critical analysis of the situation, and appear realistic (no science fiction) and presentable to the firm as a viable option for global expansion. Detailed guidelines will be provided via Canvas.

**Grading Policies/Guidelines**

- **Required Studying:** Instructor-Created/Provided Materials and Book Chapters:

Modules are used for instruction in this online course. While *Module Forum Discussions* (detailed next in the Assessments section of the syllabus) are the equivalent of face-to-face discussions, studying the materials in each module as instructed is the equivalent of attending a lecture. You are required to study the material as instructed if you want to succeed in the class. Studying for a module may include: listening/watching to instructor-created audio and/or video content (e.g., narrated presentation), listening/watching instructor-provided audio and/or video content (e.g., a news segment about an event that impacts business strategy), reading instructor-created notes and PDFs, reading instructor-created slides, reading-instructor provided slides, and lastly, reading book chapters as instructed.

- **Individual Performance:** It is vital that you are active in the course and complete all work in a professional fashion. You are expected to read the chapters as assigned in the syllabus as well as all the relevant supplemental resources that may be found in the Module content folders for that period before attempting any quiz or submitting any written assignment.

- **Quality Work:** All work submitted for grading shall be of upper-level quality: demonstrate understanding and effort put into it, depth of analysis, grammatical structure, professionalism, etc.

- **Spelling, Grammar, and Writing Skills for reports:** The content of all written assignments is what you will be evaluated on, provided that your spelling and grammar does not have major issues. While a few spelling and grammar mistakes are acceptable and will not affect your grade, I reserve the right to remove up to 10% of the points of a written assignment for excessively bad grammar and spelling mistakes. Students who proofread their work, use spelling and grammar checking tools, or obtain help from the University Writing Center (described above) should not be affected by this policy.

- **Identifying Submissions:** Submissions’ title should follow the format as specified

  \[Title_of_the_assigment_Student Last Name or Team number\]

- **Submission Style Requirements:** Submissions will be in accordance with The Publication Manual of the American Psychological Association, 6th ed. All written work must be submitted utilizing Microsoft Word in either a .doc or .docx format.

- **Due Dates and Late Submissions:** The assignment instructions and deadlines are clearly laid out in the syllabus. As such, it is expected that all work will be submitted on time, as timeliness is an important aspect of professional communications and behavior. If you encounter an issue, please let me know before the due date. Late submissions of written assignments without a documented and unpredictable/unavoidable reason will cost -20% of the grade per day.

- **Changes to Syllabus:** This syllabus serves as an instructional and study planning document. Although every effort will be made to maintain the schedule and activities
presented herein, it may become necessary during the semester to make changes to the syllabus. In such events, changes will be announced, and students will receive written notice as soon as possible.

- **Sundown rule:** You have one (1) week (from the date the grade is released) to inquire about your grade on an exam, quiz or any other assignment. The exception to this is the last round of assignments, and your Final Letter Grade when inquiries need to be taken care of as soon as possible before I submit grades to the Registrar. The purpose is to resolve any issue during the term and not wait until the last week of the term. Check your grades every week!

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).
Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].

Behavioral Intervention
Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the referral online [https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2]. Anonymous referrals are accepted. Please see the Behavioral Intervention Team website for more information [https://www.tamuct.edu/student-affairs/bat.html].
