COURSE REQUIREMENTS

All assignments must be the students own work (see the academic integrity section). Do not copy directly from the text or research articles when completing assignments. Written work must follow the American Psychological Association (APA), 7th ed. publication guidelines. All assignments except the Research Proposal Draft and Paper should use the student APA format. The Research Proposal Draft/Paper Assignments should be in APA professional format. Assignment due dates are indicated on the Course Calendar.

Assignments:

1. **Research Topic: (2pts)** Students will choose a research topic in the field of marriage and family therapy that will be the focus of their research paper. This topic will be submitted on Canvas for approval. Approval of the topic is required before students can begin their research proposal related assignments. This assignment must be submitted even if no points can be earned for late submission. (SLO - 2 & 5)

2. **Discussion Boards: (3x3pts=9pts)** Discussion Boards help to generate cooperative exploration of the course content in hopes of enhancing the learning experience with a deeper synthesis of knowledge. Students will complete Discussion Boards in the weeks indicated on the Course Calendar. The initial post should be between 225 and 250 words and will be worth 2pt. Students may not exceed 250 words. It is vitally important to be clear and concise. Referencing and citing research articles or the textbooks from the course is required in this post. References and citations do not count in the word count parameters. Students must refrain from quoting materials. Students should always use their own words.

   Students are also required to respond to at least two other initial posts and each response is worth .5 point. The responses must be between 75 and 100 words each and should expand the conversation. Students must not exceed 100 words.

   If a student only states that they agree or disagree, they will not earn full credit. Students should be curious and may generate new questions or considerations in their responses as well as include a synthesis of other scholarly or personal information that informs the discussion. Replies to posts may not quote the initial post nor include quotes from other resources but should reference and cite articles or textbooks from the course, when applicable.

   Discussion Board Etiquette

   • Students are expected to be courteous and respectful with their language and tone
   • Curiosity about varying perspectives is encouraged. Avoid “why” questions.
   • Broad generalizations about groups of individuals should be avoided.
   • Be open to new ideas and alternative perspectives.
   • Quotations of the initial post, from textbooks or research articles may not be used in posts. (SLO - 2)

3. **Article Review: (4pts)** Students will choose a peer reviewed family therapy journal
article of a qualitative or quantitative research study. Students will read, summarize, and critique the research study using the article review guidelines below. The article chosen must have been published within the last 10 years. (SLO - 2)

Article review should be three - five pages long (not including title page and reference page) using APA student format. Students must include the first page of the article in their assignment submission. Students should briefly summarize the study then critically review each area of the study presented in the article. Students should use the questions below as a guide for their critical review of each area of the study. The questions provide insight into what should be expected in a research study article. Student must not list the questions below then answer them, but summarize how effectively the article addresses the questions. Please note all questions may not apply depending on the type of research study chosen. For example, a qualitative phenomenological study will not have a hypothesis but will have research questions.

Posting of Grades
Grades will be posted in Canvas approximately 2 weeks after the assignment due date or submission date, whichever is later. Grades will be posted on the Canvas grade book where students can monitor the status of their grade easily. Students’ final grades are based on their total points earned. Students can calculate an estimate of their grades, at any time, by adding their total points earned and comparing it to the chart above. **There will be no negotiation of grades or course policies. Students should be diligent in working toward the grade they desire in this course.**

Grading Policies
Assignments are expected to be turned in on time. Students should make plans to ensure that all assignments and exams are submitted by the due dates and times. **Late work will only be accepted up to 48 hours after the due date. No late discussion boards, quizzes or exams will be accepted.** Each day the assignment is turned in late the earned grade will be reduced by 1pt for assignments worth 9 points or less and 2pts for assignments worth 10 points or more. For example, if a student turns in an assignment worth 5 points, 5 minutes after the due date and time and they earn 4 points for the assignment based on the quality of their work, their final grade will be 3 pts (4pts earned grade - 1pt penalty for being a day late = 3pts final grade). No assignments will be accepted more than 48 hours after the due date. **If an assignment is submitted more than 48 hours after the due date a “0” will be entered in the gradebook on Canvas and no feedback will be provided.** Work must only be submitted in Canvas. Any work submitted via email will not be graded.

In addition, the lowest grade earned on a Quiz or DB will be replaced by the highest grade on that assignment for every student, at the end of the semester. This means if a student misses quiz 2 and receives a “0”, that grade will be replaced by the student’s highest grade earned on their other quizzes for that semester.

Class Attendance
Students will be expected to be present for class. Class participation is vital to the learning experience. Because of the importance of class attendance, **students will lose 2 points off their final grade for every unexcused absence.** Exceptions to this deduction would be professor approved and documented excused absences such as illness, death in the immediate family, legal proceedings, for example. Per the University catalog, students may request make-up consideration for valid and verifiable reasons, such as illness, death in the immediate family, legal proceedings, or participation in university-sponsored activities. Students participating in university-sponsored activities are responsible for obtaining a written explanation for their
absence from the faculty/staff member responsible for the activity. In all cases, students are encouraged to notify the faculty member of the course in advance of any absence.

Students should be present, on-time, prepared, remain for the entire class period and be actively engaged in the class activities. Examples of engagement in class includes but is not limited to answering questions, provided thoughtful input based on the course content and one’s own experience, respectfully inquiring about the material or a fellow student’s perspective, etc. Students will be responsible for reading the assigned materials in the textbook and any other resources provided by the instructor in Canvas before each face-to-face class.

Cooperative group learning experiences will be promoted throughout the course. The goals will focus on shared decision-making, individual and group responsibilities, and effective written and or communication skills. Students are expected to be professional and respectful during their participation in the course.

**COURSE OUTLINE AND CALENDAR**

*Each week course content will be available in the module associated with that week on Canvas. Be sure to check Canvas weekly for online content to review as part of the course. Online content may include videos, articles, etc. in addition to the textbook assigned readings. Weekly reading assignments should be done before class meetings unless otherwise indicated.

OTHER POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].
