## COURSE INFORMATION

### 1.0 Course Overview and Description & Course Objective

This course is for the students to gain experience in marriage and family therapy by providing therapy services in the on-campus clinic or approved practicum sites while under class supervision of the Marriage and Family Therapy faculty. Students should demonstrate appropriate levels of competency, assessed through direct supervision, video supervision, as well as case conference, maintaining appropriate documentation of clinical work, and meeting clinical hours requirement as described in the departmental handbook. Prerequisite(s): MFT 5301, MFT 5307, MFT 5383, MFT 5391, and MFT 5392.

### 2.0 Intended Student Outcomes

Students will:

Assess the influence of their social location and personal experiences on the conceptualization and intervention of cases. (SLO-1)

Demonstrate systemic therapeutic techniques in practice. (SLO-3)

Demonstrate systemic practice consistent with the AAMFT Code of Ethics (SLO-4)

Demonstrate knowledge and appropriate application of classical and postmodern MFT theories. (SLO-5)

### COAMFTE Developmental Competency Components

This course will address the following components to help ensure students obtain the knowledge and skill to become effective and ethical marriage and family therapists:

- Knowledge of the MFT profession
- Practice of relational/systemic therapy as a qualified behavioral/mental health provider
- Commitment to ethical practice through ethical codes of the MFT profession and pertinent regulatory bodies
- Awareness, knowledge and skill to responsibly serve diverse communities

### 3.0 Ethics

Students are expected to conduct themselves in a professional and ethical manner at all times. They are expected to maintain confidentiality of all information related to clients, as well as all information related to cases presented in practicum/internship classes. This is the student's responsibility regardless of procedures in place at the site. Students are responsible to know and follow legal and ethical confidentiality practices of the field placement site, as well as applicable codes of ethics. Knowledge of HIPAA and/or FERPA is expected. In addition, students shall not use any client identifying information in any practicum/internship documentation, including tapes. Students shall secure tapes and other client information that may be necessary for class in a way that is secure, legal, and ethical. Tapes, transcripts, case studies, or other client information used for class shall be destroyed in an appropriate manner (i.e., shredding) as soon as they have been evaluated unless it is the policy of the site to maintain and secure all tapes. Any questions regarding confidentiality must be discussed with the university instructor as well as the site supervisor.

Committing an ethical violation during practicum/internship would have academic consequences. At minimum, the supervisor's evaluation (which includes an ethics component) will reflect the ethical violation(s). Depending on the severity of the violation, the student's response to becoming aware of the violation, and other circumstances, an ethical breach could potentially result in failure of the course.

All students must have appropriate liability insurance for the duration of their practicum experience or their hours will not be counted

## OTHER POLICY STATEMENTS

### A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [<https://www.tamuct.edu/compliance/titleix.html>].
