COURSE INFORMATION

Catalog Description

Application and integration of academic content and development of skills within a criminal justice setting. Entry into this course will be arranged with the internship coordinator. May be taken more than once for credit.

Prerequisite

At least 18 hours of criminal justice course work or approval of the department head.

Objectives

The field experience should:

- Enhance the formal education by providing on-the-job experience with a participating agency
- Provide an understanding of the daily operations of the participating agency
- Provide exposure to the techniques, duties, and demands of agency personnel
- Provide an opportunity for assessing individual attitudes, values and capabilities
- Provide an opportunity for interaction between agency personnel and criminal justice students
REQUIRED COURSE WORK

I. Performance (150 points)
Students are required to complete 120 hours of service over the course of the semester. In a 16-week semester, this equates to about 8 hours per week. If you are completing an internship in a 10-week format, this equates to 12 hours per week. In an 8-week format, this equates to 15 hours per week. The student will arrange a work schedule with his/her agency supervisor.

Performance will be evaluated at the end of the semester. The evaluation will be based on course objectives and include input from the student, the agency supervisor, and the faculty member.

II. Field Log (150 points)
The online field log provides the student with a means of recording activities related to the field experience. Online field log entries are to be completed weekly at a minimum. The log entries should be divided into two parts. The first part should include 1) the hours worked since your last report, 2) a description of your activities during the reporting period, and 3) a description of what you have learned. The second part should be written like a diary. That is, you should write a dialogue with yourself. In this dialogue you should record your feelings, reactions, attitudes, problems, and perceptions regarding your experiences. Keeping up with your log entries is crucial to successful completion of your internship.

III. Field Experience Paper (200 points)
You must complete a written paper of your field experience. It should summarize the various duties you were assigned, your opinion about the experience, any constructive criticisms of the experience, and a comparison of your experience with your criminal justice studies. Although you should use your field log in preparing your paper, it should not be a cut and paste exercise from the field log. This field experience summary will be shared with the agency.

Requirements for the field experience paper:
- 5-8 pages in length
- Double-spaced, 12-point font, Times New Roman or Arial
- Must be produced in Microsoft Word (.doc or .docx format)
- No cover page – a header should include course information and your name
- In-text citations and a reference page should be included as necessary
- Proofread carefully: grammar, spelling, mechanics, citations, etc. will be part of your grade
- Must be submitted as an attachment in Blackboard in the assignment section
- You may use first-person, since you are writing about your experiences.

Grading Criteria for Field Experience Paper
150 points – content
IV. Field Evaluation (50 points)
An evaluation of the student will be completed by the field placement supervisor.

Notes on Written Work:
Citations, notes, and references will conform to the American Psychological Association’s (APA) format for written works – this includes the APA format for citations in text. Avoid reliance on direct quotations, but rather utilize paraphrases with appropriate textual citations. All written work will be graded on factual accuracy, overall content, sophistication, proper usage of common English, and general communication skills. By sophistication it is meant that the language used and depth of thought reflected are appropriate to the course. Textbooks will not count as sources, nor will dictionaries or encyclopedias of any sort. Do not use Internet sources that do not have the author’s name and affiliation; Wikipedia is an unacceptable source. When in doubt, ask the instructor.

Additional Assignment Information

How do I submit assignments?
- All assignments must be submitted through Canvas.
- All written assignments must be in Microsoft Word format - make sure when you save a final draft of any assignment that it is either a .doc or .docx document. If you do not know how to do this, I suggest visiting the computer lab.
- Assignment/journal responses should be typed in the discussion board text box. Do not attach a document to discussion boards. The best practice would be to write everything in a Word document first, then copy and paste it into the submission box; save this work.

Extra credit?
There is no extra credit built into the course. Do not expect extra credit, and do not ask for it.

Late assignments?
Late assignments will be accepted up to two weeks past the recommended due date with no penalty. Assignments submitted after the recommended due date will not receive as much feedback as those submitted on time. Feedback is important to improve upon subsequent coursework. Assignments submitted after two weeks will automatically be deducted ½ the points before they are graded. No assignments will be accepted past the last course date of May 12, 2023.

OTHER POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. You can complete the referral online [https://cm.maxient.com/reporting.php?TAMUCentralTexas].
