COURSE REQUIREMENTS

ALL ASSIGNMENTS MUST BE IN STANDARD APA FORMATTING. If you do not submit your assignments in this style, your grade will be lowered. Rubrics and guidelines for each of the assignments for this course will be provided prior to the due date of the assignment.

Self-Reflection Paper (10 %)

The purpose of this paper is for you to identify and explore personal attitudes, values, and behaviors that often impact a person becoming a helping professional. It is expected that your self-reflection or personal exploration will be an in-depth rather than a superficial analysis. Length is 3-5 pages. Possible items to consider could be (but definitely not limited to):

- What is your motivation for studying counseling or for becoming a helping professional?
- What experiences have you had that might influence your becoming a helping professional?
- How would these experiences positively or negatively influence your effectiveness as a helper?
- What is your value orientation? What do you value? Where do these values come from? How will they affect your work?
- What biases or predispositions (positive or negative) do you hold regarding working with certain types of people, issues, etc.?
- What are your strengths? What areas do you need to improve?
- What would you want from a counseling session/counselor?

Diversity Interview Paper and Presentation (30%)

You are to interview another person with a background substantially different from your own and submit a reaction paper. Examples of different backgrounds include race, religion, age, sexual orientation, gender, and disability. You must consult with the instructor for approval prior to conducting your interview. The paper should be at least two (2) pages and no more than 5 pages and include a description of yourself and the various groups with which you identify, a description of the interview and the person (no names) to whom you spoke, and a reaction to this process. Reactions can include what you learned about yourself and the other person, what you have learned about different cultures, and what you would still like to learn. Grading will be on grammatical structure as well as your ability to challenge yourself to step outside your comfort zone, as this will help you truly learn more about yourself and others. You will be asked to complete a formal presentation not to exceed 10 minutes about your experience.

Counseling Professional Interview (20%)

Students will choose someone already working in the helping profession (Students must choose someone who is a professional counselor and preferably someone who is a member of a professional organization) and interview them in regard to the nature of the counselor's work, types of clients seen and presenting issues, supervision experiences, and any other pertinent information about their daily routine. Students will present a written report and an informal oral report to the class. You must consult with the instructor for approval of the proposed person.

Professional Affiliation (5%)

An essential part of developing a helping identity is being a part of a professional organization. This allows you to keep current on issues that are affecting the profession as well as help you network and meet other students and counselors. There are several organizations that are available depending on your professional goals and aspirations. Please see the instructor for appropriate associations. Proof of membership is due no later than the last day of class. Failure to do so will result in a reduction of one letter grade on your final grade.

HIPAA Training (5%)

An ethical counselor understands the need for confidentiality. To accomplish this, you will be required to attend an online training for HIPAA. The link will be provided on Canvas. You will earn a completion certificate, which you can submit online as proof of your training.

Advocacy Project & Presentaiton (30%)

Students will be asked to research an underserved population who may receive counseling services. Students are to consider, "what are the advocacy needs of this population"? Using a brochure, newsletter, or other information dissemination outlet, students are to advocate for this client population by identifying the following information:

- Presence of this underserved population in the local community;
- Relevant statistics about this client population;
- Institutional or social barriers that may impede access and equity of services for the client population;
- Local agencies or organizations that may have outreach for this client population; and
- Other important information that helping professionals may not have previously known, or places/sites/sources that they can use to receive additional information.

University Writing Center.

Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University-Central Texas (TAMUCT) is a free workspace open to all TAMUCT students from 10:00 a.m.-5:00 p.m. Monday thru Thursday with satellite hours in the University Library Monday thru Thursday from 6:00-9:00 p.m. This semester, the UWC is also offering online only hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-on-one session with a trained and experienced writing tutor by visiting the UWC during normal operating hours (both half-hour and hour sessions are available) or by making an appointment via [WOnline](https://tamuct.mywconline.com/) at [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu for any assistance needed with scheduling.

University Library.

The University Library provides many services in support of research across campus and at a distance. We offer over 200 electronic databases containing approximately 250,000 eBooks and 82,000 journals, in addition to the 85,000 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place on Skype or in-person at the library. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group work spaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/departments/compliance/titleix.php) [<https://www.tamuct.edu/departments/compliance/titleix.php>].
