COURSE REQUIREMENTS

5.0 Course Requirements

All writing submitted to the professor, including online posts, should be a final draft, free of spelling, grammatical, stylistic, and typographical errors. Students are encouraged to allow ample time for writing, keeping in mind the frequency of computer glitches. It is also expected that students will have read the required readings and be prepared to discuss them in class. Late assignments will *only* be accepted and extension of assignments will *only* be given for legitimate reasons consistent with the ones listed under excused absences on <https://student-rules.tamu.edu/rule07/>. See Absences and Grading of this syllabus for more details. In addition, more than ***one unexcused absences*** from classes will result in failing this course. If you experience any difficulty attending the class, please talk to the instructor as soon as possible.

- 5.2 Self-Care Management Plan (10 points):** Students will first complete a self-care assessment. Then complete a self-care maintenance plan according to the assessment result. The self-care

*This syllabus is subject to change without notice to meet student, faculty, or other needs. Please refer to class announcements for any possible adjustments.

assessment and self-care maintenance plan documents can be found under files on Canvas. Please prepare to discuss this assignment in class and submit your **self-care maintenance plan** on **2/7/2023**.

- 5.3 Practicum Site Exploration (15 points):** This assignment is designed for students to start planning their potential practicum sites as well as to explore their future job and career development opportunities. Please utilize your professional online resource and network, such as searching on mental health agency and association websites or interviewing a senior colleague at a local agency or in our program. You are supposed to come up with at least 3 potential practicum sites as well as their pros and cons for you to work there as a practicum student. Please submit **a pros and cons table** as the following to summarize your findings by **2/28/2023**. Be prepared to share your table in class as well.

	Site Description	Pros	Cons
Site A			
Site B			
Site C			

For civilian students, you are encouraged to start to explore an off-campus 2nd site. This assignment would be a great opportunity to begin your research on the sites and to build your professional network.

- 5.4 Quizzes (20 points):** There will be 2 quizzes, consisted of multiple-choices & short-answer questions. Details will be discussed in class and Canvas.
- 5.5 Discussion Board Post (25 points):** Each student is required to upload a post (100 words or more) as a response to the required reading(s) of the designated classes. Please see class calendar for the dates you need to post.

Every post has to relate to class materials or professional concepts and include APA citation(s). This is due by the end of the class time that day. Late post will receive **zero** point.

Discussion Board Rules

This is a space for us to share our idea, engage in dialogues, and learn from each other. Below are criteria for the discussion post, criteria for content of the discussion post, and rules about etiquette.

Criteria for discussion post: The response post should be at least 100 words and is due by the end of the class time that day.

Criteria for content: The content of the discussion board should be your own ideas supported by information from the text, assigned readings, PowerPoints, or other **scholarly references** you find. Your post should not **entirely** consist of quotes from an outside source, regurgitation of someone else’s ideas, or personal stories. For example:

Big Bird (2012) stated that sexual violence was not an issue in developed countries. I disagree with that statement. I intern at a domestic violence shelter for my practicum and hear about the violence that occurs in this area. Even though Elmo (2013) stated that violence against women is lower in countries that have more liberties for women, violence against women in developed countries is still an epidemic. Since most victims of sexual violence know their perpetrator (Kermit, 2007) and most perpetrators are male (Dora 2013), I believe that we should develop preventative programs in middle and high school about sexual violence.

Discussion Board Etiquette:

- Refrain from inappropriate language and personal attacks.
- Review your comments before you post for spelling and grammatical errors and to make sure it’s what you really want to say.
- Do not make sexist, racist, homophobic, or victim-blaming comments at all.
- Disagree with ideas, but do not make personal attacks.

*This syllabus is subject to change without notice to meet student, faculty, or other needs. Please refer to class announcements for any possible adjustments.

- Be open to be challenged or confronted on your ideas or prejudices.
- Challenge others with the intent of facilitating growth. Do not demean or embarrass others.
- A majority of your reply should not be quotes from the initial post.

5.6 Topic Presentation (20 points): Each student will sign up for one presentation date/topic on 1/17. The presentation should consist of a structured lecture about 30-45 minutes long and a discussion or Q&A section. In the presentation, you will summarize the reading/article of the date you signed up for. You also should try your best to answer any questions your audience may have. I will monitor the process and answer questions as well. Please upload your presentation slides to assignment on Canvas by your presentation time. Cite reference(s) in APA style. The scoring rubric is as follows:

Scoring Rubric for Topic/Article Presentation:	Satisfactory	Partially satisfactory	Unsatisfactory
1. Clarity: Delivers presentation in a clear/student-friendly manner; includes a PowerPoint presentation and uploads the slides.	5	4-2	1-0
2. Precise Content: Provides an effective summary of the arguments (described in the article) and provides a fair critique of the articles themselves.	5	4-2	1-0
3. Engagement: Engages with classmates during the presentation (e.g. leading the discussion, responding to questions, etc.).	5	4-2	1-0
4. Professionalism: Has good control of time, behaves professionally, employs APA style correctly, etc.	5	4-1	0

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [<https://www.tamuct.edu/compliance/titleix.html>].
