1. Identify the ways aspects of society are inherently interdisciplinary.
2. Recognize key concepts used by interdisciplinarians.
3. Evaluate common assumptions held by various members of the academy/university.
4. Integrate the Broad Model Approach, as presented in the course text, into an interdisciplinary project.
5. Support an interdisciplinary project proposal using appropriately selected scholarly sources.

Required Reading and Textbook(s): *Intro to Interdisciplinary Studies*

Edition: 3rd ISBN: 9781506346892 By: Repko et al. You may also use the 2nd edition if available

COURSE REQUIREMENTS

This course has six gradable components:

Discussions

There will be 5 Discussion posts worth 7 points each. Discussions will be graded more on the level of engagement with the material than on formal aspects of academic writing, but they should be written clearly and with the audience (your professor and classmates) in mind.

Writing Assignments

There will be 14 Writing Assignments. These assignments will be valued at 10, 15, or 20 points.

Reader Responses will ask students to engage, negotiate, and apply the text material to demonstrate an understanding of interdisciplinarity. Instructions for additional Writing Assignments will be given as needed.

All of these assignments will be graded more on the level of engagement with the material than on formal aspects of academic writing, but they should be written clearly and with the audience (your professor and classmates) in mind.

Poster Assignment (40 points):

This assignment will ask students to demonstrate how a particular issue/problem can be addressed using an interdisciplinary approach. Students will create a digital poster that introduces their selected issue, explains why an interdisciplinary approach is necessary, and proposes relevant disciplines.

Annotated Bibliography (60 points):

The annotated bibliography will demonstrate the importance of disciplinary or naturally interdisciplinary perspectives to an interdisciplinary project.

Students will correctly annotate six articles (either peer reviewed or approved by the instructor) relevant to their final project.

The annotated bibliography will be graded on adherence to MLA or APA style format and the quality of the summary.

Final Project (100 points):

The final project will demonstrate understanding of the interdisciplinary process using the Broad Model Approach presented in the text and will integrate Repko et al.'s 6 steps to further an understanding of your research question.

Ultimately, how you complete the assignment will be up to you. **providing you include each step as outlined in the instructions.**

If you loved the midterm assignment, you may create a series of Digital Slides which contains the information.

Or you may write a more conventional paper using headings and paragraphs.

Detailed Assignment Prompts will be available as the assignments are announced.

Non-gradable Component

Each student has a unique perspective built by their own experiences and learning, and each student's participation in the classroom is key to creating a learning community. Additionally, participation in class discussions builds confidence and prepares students to use their voice and experience for the benefit of any community they inhabit. I realize this will look different in an online course. Your participation will be evident in the online discussions.

Grading Criteria Rubric and Conversion

Each assignment will be weighed as follows:

Discussions 5 @ 7 points each	35
Writing Assignments 10 @10 points	100
3@15	45
1@20	20
Poster Assignment	40
Annotated Bibliography	60
<u>Final Project</u>	<u>100</u>
Semester Participation Points.	
TOTAL	400 points=100%

Final grades will be computed according to the following scale:

- A= 90%
- B= 80%
- C= 70%
- D= 60%
- F= 59% or less

Students will earn the letter grade their percentage designates. 89%, for instance, is a B. Please take every assignment seriously to avoid the frustration of just missing a grade.

Late Work

Students should understand that due dates for assignments are purposeful and not arbitrary. They allow students to work through the course at a pace that allows time for each assignment. As such, I expect assignments to be submitted by the due date.

Late submissions will not be evaluated for a grade.

Posting of Grades

- All assignments will be submitted via CANVAS.
- Assignments will **generally** be graded and posted on CANVAS within a week.

University Writing Center

University Writing Center: Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (A&M–Central Texas) is a free service open to all A&M–Central Texas students. The hours of operation are from 10:00 a.m.-5:00 p.m. Monday thru Thursday in Warrior Hall 416 (with online tutoring available every hour as well) with satellite hours available online only Monday thru Thursday from 6:00-9:00 p.m. and Saturday 12:00-3:00 p.m.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students' ideas and writing, our tutors highlight the ways in which they read and interpret students' texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via [WCOnline](#) [<https://tamuct.mywconline.com/>]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](#) [<https://www.tamuct.edu/compliance/titleix.html>].

Behavioral Intervention

Texas A&M University–Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the [referral](#) online

[https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the [Behavioral Intervention Team](#) website for more information [<https://www.tamuct.edu/bit>]. If a person's behavior poses an imminent threat to you or another, contact 911 or A&M–Central Texas University Police at 254-501-5805.
