COURSE REQUIREMENTS

Understanding of Course Design:
This course design is a traditional approach to learning content. This course design is intended to ensure students’ understanding of foundational information related to the human resource management discipline. As a result, this course presents modularized content supported through videos and discussion; then, assessed through objective quizzes and exams as well as subjective assignments.

Student Profile and Course Agreement:
Students should review this Syllabus in depth and be sure they are willing to comply with all assignments and deadlines in this course. The course agreement requires students to agree to these expectations and promise that they have the computer set-up and self-discipline needed for a fully online course. This assignment is worth 10.

Introduction:
Each student will be required to post an introduction on the discussion board under “Introductions”. This assignment is worth 10 pts.

Exams:
There will be 2 required exams – a midterm (Modules 1 & 2) and a final (Modules 3 & 4). Each exam will contain 50 multiple choice / true false questions covering the students’ knowledge of the key frameworks and concepts from the text and power point presentations/notes. Exams are anticipated to take approximately 60-90 minutes each and must be completed in one sitting. Opportunities to complete exams late will be provided with written documentation of an unavoidable or unforeseeable event. Exams represent the independent work of students; teamwork will not be permitted on exams. Exams will generally be available over a 5 day period and will be posted in the course schedule in this syllabus. Each exam will be worth 100 pts; a total worth of 20% of your grade.

Quizzes:
There will be 11 chapter quizzes. They are provided to help students determine their general understanding of the material and prepare for exams. Each quiz will cover its respective chapter and will contain 10 multiple choice questions. There will also be a syllabus quiz and an APA quiz. Quizzes are anticipated to take approximately 10-15 minutes to complete. Quizzes will be timed and once started, must be completed at that time. Quizzes represent the independent work of students; teamwork will not be permitted on quizzes. Availability will vary based on the unit so be sure to review dates posted in the course schedule in this syllabus. Chapter review quizzes will be worth 10 pts each and the syllabus and APA quizzes will be worth 10 pts each; a total worth of 13% of your grade.

Assignments:
Assignments in this course are designed to help you practice applying training and development course concepts as well as identifying reliable and credible sources of information. Assignments are anticipated to take approximately 60-120 minutes. There will be one Library Database assignment (25 pts) in order to ensure that students are aware of how to use this vital source. There will be seven assignments (40 pts each) that require you to write a memo, essay and/or complete an assigned activity. Essays will be 2-3 pages covering course related topics which will require you to include APA citations and references. The final assignment (25 pts) will be a team evaluation for the group you complete your project with. Detailed information will be provided in the Assignment Area on Canvas. The combined total of your assignments (to include the introduction and course profile) will be worth a total of 35% of your grade. Due dates will be
posted online as well as in the course schedule part of this syllabus. A rubric will be provided for each assignment.

**Discussion Forums:**
Discussions are intended to teach and reinforce concepts as well as prepare you to complete assignments and assessments. Discussions are anticipated to take approximately 60-90 minutes. The approximate length of initial response should be 2 paragraphs long (6-8 sentences is considered one paragraph). Follow-up responses can be a more conversational tone; however, they should also add to the conversation beyond a simple post summing to “I agree”. There will be 4 Discussion Forums associated with topics found in this course. Your original posting and two replies to your classmates’ will be required for each forum - please note the separate due dates. Each forum’s participation is worth 30 pts. These discussions will be worth 12% of your grade. A rubric will be provided for each discussion.

**Team Project:**
It is imperative that you look over the module in Canvas that pertains to this project. This is something I want you to look forward to and I will be here to help you as much as possible. It is not a secret that sometimes students do not like group projects, but learning to work collaboratively and count on your peers is an essential part of this learning experience. Employers ask us, as instructors, to teach our students how to work in groups and learn to deal with the conflicts that often occur in this setting. In a work environment, the job needs to be done regardless of the circumstances, including personality conflicts and poor performance of group members. This will be no different! I want you to try to work as a team, not a group. Teams work together to accomplish a common goal / outcome! Groups do their own thing and piece it together later.

- You will work in teams of 3 or 4 to design and develop a training package of interest to individuals involved in the HRD process. It will be pre-approved by the instructor. **No one person can be responsible for one specific section of the project – it will be a team effort.** A list of topic choices will be provided to you. Additionally, each student will be required to record his/her own individual portion of the project to submit.

- A team contract will be created to set forth your own guidelines.

- Three progress reviews will show your current progress and will be provided on Canvas.

- **The training package will include:**
  - Cover page
  - Table of Contents
  - Needs Assessment
  - Lesson Plan
  - Evaluation Plan
  - Supporting Materials (Power Point Presentation and any additional handouts)
  - Reference Page
  - A min. of 8 qualified references are required to support a grade which results in full credit of allowable points
No more than 25% of your references can be from the web. (Wikipedia is NOT a source!)
Your sources should consist of peer reviewed journals from the library database.
The course textbook may/should be cited as one of the references used.
Reference page must be in proper APA format.

Oral presentation
✓ Each student will record via: Screencast-O-Matic [https://screencast-o-matic.com/home] their portion of the project as if he/she was presenting in a classroom. More information will be provided as the semester progresses. Your individual presentation should flow as if you were with your group in class. It should be 5-8 minutes in length.
✓ I MUST be able to see YOU and YOUR ppt – screencast-o-matic will allow for this.
❖ Submission details and examples will be provided within Canvas.
This project will be worth 200 points and 20% of your grade.

INSTRUCTOR POLICIES:

Individual Performance: It is vital that you are active in the course and complete all work in a professional fashion. One of the biggest issues with student success in online courses is simply not submitting work on time. You are expected to read the chapters as assigned in the calendar as well as read or view any supplemental resources that may be found in the Module content folders for that period.

Quality Work: All work submitted for grading shall be of upper level quality: Depth of analysis, grammatical structure, etc.

Identifying Submissions: Submissions must clearly identify the student’s name and the title of the assignment.

Submission Style Requirements: While not all instructors require full APA formatting, I do! Submissions will be in accordance with The Publication Manual of the American Psychological Association, 6th ed. (Cover page, running head, 1” margins, 12pt font, double spaced, in-text citations, reference page). All written work must be submitted utilizing Microsoft Word in either a .doc or .docx format.

Due Dates and Late Submissions: The assignment instructions and deadlines are clearly laid out in the syllabus. If you encounter an issue, please let me know as soon as possible. It is much easier to discuss issues before due dates rather than after. Late penalties are severe and as follows:

1. Discussions – Discussions are interactive and time sensitive; therefore, contributions to discussions will NOT be accepted late.

2. Assignments - Assignments are open for an extended period of time, so no late work will be accepted without written documentation of an unavoidable or unforeseeable event.

3. Quizzes – Quizzes are open for an extended period of time, so no late work will be accepted without written documentation of an unavoidable or unforeseeable event.

4. Exams – If you miss an exam without notifying me in advance, I may allow you an opportunity to take it (not guaranteed) if you contact me within 48 hours of the due date. If I allow you to take it, you will generally score no higher than a 70 regardless of how high your score is.

Changes to Syllabus: This syllabus serves as an instructional and study planning document. Although every effort will be made to maintain the schedule and activities presented herein, it may become necessary during the course of the semester to make changes to the syllabus. In such events, changes will be announced and students will receive written notice as soon as possible.

Professional Etiquette: Students are expected to embody professionalism to include the following: Demeanor – polite and well-spoken, demonstrating tact, respect, compassion,
appreciation, inclusive, mature - not rude, belligerent, arrogant, or aggressive; Reliable – follow through on tasks in a timely manner, communicate unanticipated events; Competent – commit to learning and applying content from the course, act in a responsible manner and practice sound judgment, seek assistance when appropriate; Ethical – honest and trustworthy; Equality – refrain from giving or seeking preferential treatment unless supported by the office of Student Success, adhere to published policies of the university, seek assistance or clarification when appropriate. A student who violates professional etiquette in a manner that is egregious (as determined by the instructor) may result in a failing grade for the course. I reserve the right to provide a less severe penalty depending on the circumstances of the situation.

University Library & Archives

The University Library & Archives provides many services in support of research across campus and at a distance. We offer over 350 electronic databases containing approximately 631,525 eBooks and 75,149 journals, in addition to the 97,443 items in our print collection, which can be mailed to students who live more than 50 miles from campus. Research guides for each subject taught at A&M-Central Texas are available through our website to help students navigate these resources. On campus, the library offers technology including cameras, laptops, microphones, webcams, and digital sound recorders.

Research assistance from a librarian is also available 24 hours a day through our online chat service, and at the reference desk when the library is open. Research sessions can be scheduled for more comprehensive assistance, and may take place virtually through WebEx, Microsoft Teams or in-person at the library. Schedule an appointment here [https://tamuct.libcal.com/appointments]. Assistance may cover many topics, including how to find articles in peer-reviewed journals, how to cite resources, and how to piece together research for written assignments.

Our 27,000-square-foot facility on the A&M-Central Texas main campus includes student lounges, private study rooms, group workspaces, computer labs, family areas suitable for all ages, and many other features. Services such as interlibrary loan, TexShare, binding, and laminating are available. The library frequently offers workshops, tours, readings, and other events. University Writing Center

University Writing Center: For the summer semesters, all University Writing Center (UWC) tutoring services are entirely online. The hours of operation are from 10:00 a.m.-4:00 p.m. Monday through Thursday with additional hours Monday through Thursday nights from 6:00-9:00 p.m. The UWC is also offering hours from 12:00-3:00 p.m. on Saturdays.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via WCOnline [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

OPTIONAL POLICY STATEMENTS:

A Note about Sexual Violence at A&M-Central Texas
Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/departments/compliance/titleix.php].
