COURSE DATES, MODALITY, AND LOCATION

Mode of instruction and course access:

This course is a 100% online course utilizing the A&M-Central Texas Canvas Learning Management System [<https://tamuct.instructure.com>] for class communications, content distribution, and assessments. Students will access all course materials, assignments, student-instructor and student-student communication, activities, quizzes, and resource links via the Course web site, Library eReserves and the Vantage eBook and its supplemental resources.

Student responsibilities:

Students must be self-disciplined and a self-starter to be successful in this class. It is a full graduate course in an 8-week format so moves at a very fast pace. Be sure you have set aside the time to complete all readings and assignments fully. The reading load is substantial, the topics complex and you will need to carefully think through and support your perspectives on the issues with well documented rationales. Good writing skills are essential as case analyses, reflection writing, short essays, video exercise responses, and discussion forums are all required assessments. Please review this Syllabus, the grading points/assignments, and course schedule in detail prior to agreeing to all course requirements via the Student Course Agreement.

Student-instructor interaction:

I am readily accessible through the Canvas email function, “messages”, on the course web site. I check messages often and will get back to you within 24 hours during the week (usually much sooner!) and within 36 hours on the weekend. There is also a “Course Q&A” Discussion Forum for students to post questions about the class that all students would most likely be interested in hearing the response. For individual issues (e.g., accommodations) please send a Canvas message. I encourage students to interact with me by asking questions on the Course Q&A Discussion Forum, sending me a Canvas message or by setting up an appointment to meet via web-conferencing. If you wish to set up an appointment, please send me a Canvas message with

several options for days/times and I will respond confirming one of your options. Early evenings appointments are available for those of you working full-time.

COURSE REQUIREMENTS

The learning objectives associated with each assignment are show in parentheses, along with the grading points.

Student Profile and Course Agreement (25 points): Students must read this Syllabus carefully and document they understand all course requirements by the end of the first module of class. The course agreement certifies students understand this Syllabus, all required course assignments, and the expectations associated with this class.

Introductory Discussion Forum (25 points): The first week of the semester students are required to post to their student class colleagues an introduction of themselves. It should include: 1) What degree you are pursuing, 2) what point are in your studies, 3) your current and past work experience, 4) what you hope to learn in this class, and 5) a personal tidbit about you (e.g. hobbies or family). The purpose of this forum is to set up a learning community among the class members.

Discussion Forums (LO's 1, 2; 50 points each): Three times during the semester students will be assigned Discussion Forums to help students engage with core readings and concepts. Students

must read the assigned text chapter or readings and compose an initial post responding to prompts; this post is worth 30 grading points. This initial post is due on SUNDAY night to allow time for responses. Two response posts will be required, challenging your student colleagues to think harder about their initial post and the readings and concepts, these response posts are due Wednesday night. Each of the second posts are worth 10 points.

Chapter Quizzes (LO's 1, 2, 7, 8; 30 points each): There are 10 required chapters from the eBook for students to read in depth and be sure they understand the concepts introduced. Instructor videos, publisher provided PowerPoint presentations, "knowledge checks", and flashcards will be provided for each chapter to help students gain a mastery of the material. During the 7 days of the module where each chapter is assigned, students will be required to complete a chapter quiz online via Vantage. The chapter quizzes will be 15 multiple-choice or true/false questions worth 30 points. Students are allowed 2 attempts at each quiz and the best score will be reflected in the Canvas gradebook.

Knowledge Checks (LO's 1, 2; limited Extra Credit): The Sage Vantage eText will prompt you for responses to "Knowledge Check" multiple choice questions at the end of each section of the chapter reading. These knowledge checks are assigned for "completion". This means it is up to your commitment to your own learning to complete these questions. They do not acquire points toward your total grading points in the course. Completing them, however, will help insure you understand and can apply the concepts you are reading and therefore improve your scores on the required quizzes and assignments. At the end of the semester, if your grade is on "the border" (e.g. a 79 or 89), successful completion of these knowledge checks WILL be taken into consideration in assigning the final grade in the class.

Reflection Journals (LO 3, 4; 100 points each): Twice during the semester students will engage in a self-study and reflection writing assignment related to the ethical leadership and/or Giving Voice to Value concepts. This written paper will probe your personal sentiments about ethical values and topics like corporate social responsibility, and the critical capabilities needed to accomplish a culture of ethics within an organization. These reflection journals are a critical part of students' learning in this class and therefore students are challenged to "dig deep" to evaluate their own approach to ethical issues and how this impacts their work and career.

Video Situational Analyses (LO 2, 5; 3@30 points each, 1@50 points): Four times during the semester students will view a video on the Vantage platform that describes a "real-life" management or employee situation that relates to the concepts in the chapter reading. Students will analyze portions of the situation and respond to questions about the case. For the first three cases, students will respond to the objective (multiple choice) questions in Vantage. For the fourth case, students will respond to questions in Vantage and in addition, be assigned an ethical decision analysis exercise in Canvas.

Case Analyses (LO's 2, 4, 5, 6, 7, 8; 1@50 points, 1@100 points): Careful study of "real world" ethical leadership challenges will be a critical part of this class. There will be two longer case studies at the end of the text assigned to analyze in depth. These case studies take some time and careful reading multiple times to grasp the dynamics of the situation. The first case study (worth 60 grading points) will be assigned during the semester and a final case analysis (worth 100 points) will be

assigned in lieu of the final exam in this class. The instructions for the format and method for these case analyses will be shared via the course web site.

Grading Policies

- Grading rubrics are provided for all written course assignments within the Canvas course web site assignments and grade book. Students should review these rubrics carefully when preparing written assignments to see how assignments will be evaluated. Following grading, students should review the feedback provided in the rubric for opportunities to improve on future assignments.
- All student grades will be posted in the Canvas Grade Book and students should monitor their grading status through this tool. Grades on Vantage assignments will automatically transfer to the Canvas grade book. Grades for all Canvas written assignments will be posted no later than one week following the due date. Vantage quizzes are automatically graded and will show up right away in the grade book.
- Minimum points required for a specific course grade are noted on the above table. *Minimum points required for a specific course grade will NOT be revised unless a student has completed the optional Knowledge checks, which is the only extra credit in this class and is limited to only grades “on the border (meaning within 1-2 points average of the next highest grade). See “knowledge checks” section above for further clarification.*
- It is best not to get behind in this course so normally late assignments are not accepted. If you find you need an extension on an assignment due to an emergency (e.g. health issues), message Dr. Orudzheva
- PRIOR to the due date/time of the assignment and request an extension; state the reason and when you think you will be able to complete it. Reasonable requests will be accommodated.

OPTIONAL POLICY STATEMENTS

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (304-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don't agree with their behaviors and tell survivors we will support them. Your actions matter. Don't be a bystander; be an agent of change. For additional information on campus policy and resources visit the [Title IX webpage](https://www.tamuct.edu/compliance/titleix.html) [https://www.tamuct.edu/compliance/titleix.html].

Behavioral Intervention

Texas A&M University-Central Texas cares about the safety, health, and well-being of its students, faculty, staff, and community. If you are aware of individuals for whom you have a concern, please make a referral to the Behavioral Intervention Team. Referring your concern shows you care. You can complete the [referral](#) online

[https://cm.maxient.com/reportingform.php?TAMUCentralTexas&layout_id=2].

Anonymous referrals are accepted. Please see the [Behavioral Intervention Team](#) website for more information [<https://www.tamuct.edu/bit>]. If a person's behavior poses an imminent threat to you or another, contact 911 or A&M-Central Texas University Police at 304-501-5805.
