COURSE REQUIREMENTS

Course Requirements

A syllabus serves as an instructional and study planning document for both faculty and students. Although every effort will be taken to complete the semester according to the syllabus, it may become necessary to make certain changes to facilitate the academic environment better. In such an event, changes will be announced within one week of the change decision in the Canvas classroom. Changes may be made within the last two weeks of the semester only in exceptional circumstances. Conflicts between Canvas and the syllabus will be resolved according to syllabus requirements. Following is a description of the major course assignments as well as other components that make up the total grade for this course.

Class Participation

Students are expected to participate in class discussions. Participation/Professionalism points are earned via active, meaningful, and consistent contributions to class discussions. Your grade will be assigned based on my evaluation of how consistently and effectively you contribute to the learning environment. These points are generally earned with every activity.

To Do:

1) I would like to do a weekly “HOW’S IT GOING” meeting with each student. You can set it up ahead of time for the semester. This is YOUR responsibility, NOT MINE! These will count towards class participation grade!

2) Watch videos and complete readings on time. If you lag once, you will lag throughout the semester. Please try to catch up sooner rather than later.

3) Make sure to reach out to me should you have any questions or concerns about the course, your assignment grade or anything else. If you don’t tell me, I don’t know!

These class participation points are awarded solely at the discretion of the instructor.
Discussions
There will be discussion threads on Canvas that the student must make meaningful contribution to. Each student must post to the discussion each week and respond to one other classmate with insightful comments. It is important to integrate current business articles in the discussion. It adds value and furthers our understanding of the topic.

Homework
Homework will be related to the exercises or chapter topics in the book and will be assigned for nearly each chapter. Each student must complete their homework on/before the scheduled date. Due to the nature of the 8-week course, late work is not permitted in the course.

Instructor Policies:
I care about my students and their learning. If you don’t agree with a particular grade, please bring it to my attention via email within 3 days of receiving that grade. I will attempt to resolve it with you within a week of assigning it. No grade revisions are made once the appeal window is crossed.

Course Grading Criteria:
Graded requirements support course objectives and include a combination of discussions, assignments, research paper, and exams.

University Writing Center

University Writing Center: Located in Warrior Hall 416, the University Writing Center (UWC) at Texas A&M University–Central Texas (A&M–Central Texas) is a free service open to all A&M–Central Texas students. The hours of operation are from 10:00 a.m.-5:00 p.m. Monday thru Thursday in Warrior Hall 416 (with online tutoring available every hour as well) with satellite hours available online only Monday thru Thursday from 6:00-9:00 p.m. and Saturday 12:00-3:00 p.m.

Tutors are prepared to help writers of all levels and abilities at any stage of the writing process. While tutors will not write, edit, or grade papers, they will assist students in developing more effective composing practices. By providing a practice audience for students’ ideas and writing, our tutors highlight the ways in which they read and interpret students’ texts, offering guidance and support throughout the various stages of the writing process. In addition, students may work independently in the UWC by checking out a laptop that runs the Microsoft Office suite and connects to WIFI, or by consulting our resources on writing, including all of the relevant style guides. Whether you need help brainstorming ideas, organizing an essay, proofreading, understanding proper citation practices, or just want a quiet place to work, the UWC is here to help!

Students may arrange a one-to-one session with a trained and experienced writing tutor by making an appointment via WCOnline [https://tamuct.mywconline.com/]. In addition, you can email Dr. Bruce Bowles Jr. at bruce.bowles@tamuct.edu if you have any questions about the UWC, need any assistance with scheduling, or would like to schedule a recurring appointment with your favorite tutor.

A Note about Sexual Violence at A&M-Central Texas

Sexual violence is a serious safety, social justice, and public health issue. The university offers support for anyone struggling with these issues. University faculty are mandated reporters, so if someone discloses that they were sexually assaulted (or a victim of Domestic/Dating Violence or Stalking) while a student at TAMUCT, faculty members are required to inform the Title IX Office. If you want to discuss any of these issues confidentially, you can do so through Student Wellness and Counseling (254-501-5955) located on the second floor of Warrior Hall (207L).

Sexual violence can occur on our campus because predators often feel emboldened, and victims often feel silenced or shamed. It is incumbent on ALL of us to find ways to actively create environments that tell predators we don’t agree with their behaviors and tell survivors we will support them. Your actions matter. Don’t be a bystander; be an agent of change. For additional information on campus policy and resources visit the Title IX webpage [https://www.tamuct.edu/compliance/titleix.html].
