WORK EXPERIENCE

Adjunct Faculty

1-2011 to present
Texas A&M-Central Texas

Governmental

Accounting/Excel/Federal Tax

Responsible for instructing students on the basic concepts associated with daily activities of relating to above topics. Expand learning potential by using web-enhanced classes. Introduce students to the terminology and accounts that are unique to accounting.

1-2010 – Present
Temple College

Financial/Managerial Accounting Professor

Responsible for instructing students on the basic concepts associated with daily activities of a Managerial Accounting. Expand learning potential by using web-enhanced classes. Allow students to participate in the class by presenting solutions to the assignments on the board during lab time. This practice makes the students more comfortable with being in front of a group and builds confidence with the text material.

Central Texas College
8-2009-Present
Small Business Accounting Professor

Responsible for instructing students on the basic concepts associated with running a small business. This course allows students to get an overall picture of the accounting procedures needed to fulfill the filing and taxing requirements of running a small business.
