Matthew Williams, PhD, PLLC, 880 Prospector Trail, Suite 100, Harker
Heights, TX 76548
*Conducts diagnostic intake interviews to determine the degree and
significance of mental health symptomology of individuals age three and
older. Assesses cognitive functioning using the Mental Status Examination.
Administers standardized objective assessments including but not limited to
the Wechsler Adult Intelligence Scale, fourth edition (WAIS-IV); the Wechsler
Intelligence Scale for Children, fifth edition (WISC-V); the Wechsler
Preschool and Primary Scale of Intelligence, fourth edition (WPPSI-IV); the
Wechsler Memory Scale, fourth edition (WMS-IV); the Trail Making Tests A
& B; the Minnesota Multiphasic Personality Inventory, second edition
(MMPI-2); the Personality Assessment Inventory (PAI); the Vineland
Adaptive Behavior Scales, second edition (Vineland-II); the Wechsler
Individual Achievement Test, third edition (WIAT-III); and the Wide Range
Achievement Test, fourth edition (WRAT-4). Administers projective
assessments including but not limited to the House-Tree-Person (H-T-P), the
Incomplete Sentence Blank (Adult and Child versions), and the Thematic
Apperception Test (TAT). Analyzes the statistical information obtained
through the individual objective assessments using the Information Processing
Model. Compiles and interprets the patient data from multiple sources
including the clinical interview and assessment results and obtains
information from collateral resources such as medical records. Integrates the
information collected into an easily understandable report that includes a
concise report of the clinical interview, the assessment results, and a summary
that includes recommendations as well as a diagnosis according to the*

Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5). Develops treatment plans in collaboration with the patient. Provides a psychological opinion of an individual's level of disability based on data collected through a clinical interview as well as a review of medical records. Formerly maintained a contract providing Department of Veterans Affairs examinations through Logistics Health Incorporated for active duty service members pending discharge and veterans to establish a diagnosis for compensation and disability from the Department of Veterans Affairs. Provides therapeutic counseling services to individuals aged six years and older, couples, and families experiencing a wide-range of mental health issues. Utilizes a theoretical perspective based on the patient's needs such as Cognitive-Behavioral Theory, Cognitive Theory, or Behavioral Theory. Also supports a dialectical orientation to counseling in order to ensure that the patient receives the optimal outcome by relying on therapies such as Person-Centered Therapy, Solution-Focused Therapy, and Reality Therapy to name just a few. Provides crisis intervention counseling and ensures the safety of the patient and others first and foremost by conducting a thorough risk assessment. Maintains records as well as privacy and confidentiality standards according to the state and federal acts and statutes. Discharges patients in an efficient and timely manner. Consults with other professionals when indicated.

08/11 – 08/12
