Service to the University:

2014-present Program Coordinator, Clinical Mental Health Counseling

Texas A&M University-Central Texas

Responsible for the operation of the Clinical Mental Health Counseling program, including, the content, quality, effectiveness of the curriculum within the program area, recruiting, and student advisement within and for the program. Responsible for creating and assessing the program for the purposes of maintaining our CACRREP accreditation. The position requires both advisory and administrative duties

2020-present University Curriculum Committee

Texas A&M University-Central Texas

The University Curriculum Committee is a working group that develops criteria and procedures to evaluate proposed courses and curricula in terms of their contribution to the objectives of the University and the needs of the state ;periodically examines existing courses and curricula as to their contributions to the objectives of the University and the needs of the state and recommends indicated changes to the appropriate departments; studies courses and curricula in light of legislative and Coordinating Board directives concerning small classes, interdisciplinary programs, and the objectives of the institution; and generally is responsible for reviewing the recommendations from the school curriculum committees and for recommending courses that meet university curriculum requirements.

2016-2019 Member of Faculty Senate

Texas A&M University-Central Texas

Member of the Faculty Senate. The faculty Senate's role and responsibility is to provide advice and recommendations to the President of the University. In turn, the President of the University charges the Senate with primary responsibility for the content, quality, and effectiveness of its curriculum. The Faculty Senate reports to the President of the University. I have served on multiple ad hoc committees through the faculty senate, most notably the committee on assessment, in which a new evaluation was developed for students to evaluate faculty.

2014-present Graduate Council

Texas A&M University-Central Texas

Member graduate council. The role of the Graduate Council is to provide advice and counsel to the President of TAMUCT. The Council reviews all matters of policy relating to the graduate programs offered by the university. The Council's responsibilities include maintaining and monitoring the quality of existing graduate programs, reviewing and recommending new graduate courses and programs, serving as a liaison between the administration and the faculty, and approving membership in the graduate faculty. The role of the graduate council also includes the review,

modification, and potential development of graduate studies procedures, policies, and rules.

2017-2018 **University Assessment Committee**

Texas A&M University-Central Texas

The University Assessment Committee provides leadership for the direction and support of university and academic program effectiveness, assessment, and improvement. The committee is chaired by the Director of Institutional Research and Assessment

The committee is charged with providing recommendations to the Associate Vice Provost of Academic Affairs relating to:

1. The administration of academic and administrative program reviews and assessments
2. The evaluation of the quality of assessment plans and reports

2017-2018 **College of Education, Curriculum Committee**

Texas A&M University-Central Texas

The College of Education Curriculum Committee is a working group that

1. Develops criteria and procedures to evaluate proposed courses and curricula in terms of their contribution to the objectives of the University and the needs of the state;
2. Periodically examines existing courses and curricula as to their contributions to the objectives of the College of Education and the needs of the state and recommends indicated changes to the appropriate departments/programs.
