

Dr. Audrie Cruz-Sealey

a.cruz-sealey@tamuct.edu

Profile

Professional, completed my doctorate degree in Leadership Education Administration. Have 14 years of experience in the education field. Works well with faculty members, develop courses in the field of Mathematics/Science.

Professional History

Texas A&M Central Texas—Killeen, TX 08/2019 – Present

Adjunct Faculty

Currently teaching Principles of Bio-Statistics in a lecture setting. Interested in continuing on to teach more sections of the course in future terms and seek opportunities of advancement with the institution.

Central Texas College-Killeen, TX 08/2010-Present

Mathematics Professor

Teach all mathematics courses offered Face-to-Face and Online. I also organize curriculum for the Math for Teachers courses. I am very comfortable with My Math Lab, WebAssign, Knewton, Blackboard, Canvas and Brightspace. Brainstorm frequently on how to improve teaching processes and create engaging and current lessons for students.

Shoemaker High School-Killeen, TX 08/2007-08/2010

Math Teacher

Teach Pre-Calculus, Math Lab, and Algebra I. I also organize curriculum for the Geometry and Algebra I course. Collaborate daily with my co-workers to analyze assess data. Brainstorm frequently on how to improve teaching processes and create engaging and current lessons for students.
