CHOOSE YOUR PATH
And reach your next destination

The program challenges students in a supportive learning environment that empowers students to explore their interests and choose courses that advance their career goals. The Homeland Security degree is designed with flexible course selections, offering classes in the evenings, with in-person and online options which allow students to continue their education wherever life takes them.

Our faculty have real-world experience in criminal justice and criminal justice research, and they mentor students who are passionate about applying what they learn to improve programs, develop useful policies, and propose effective practices.

Master of Science
HOMELAND SECURITY

HOME OF THE *WARRIORS*

WHY CHOOSE A&M-CENTRAL TEXAS?

The Master of Science in Homeland Security program at Texas A&M University-Central Texas challenges you to explore domestic threats and examine the effects of conflicts at-home and abroad. Students analyze current policies and practices for ways to improve homeland security. Small class sizes allow you to get to know expert faculty as they guide you through a course of study with your career goals in mind.

The two-year program is designed to be affordable and completed in just 12 courses.
